THROUGH:

Director, PIC

SUBJECT:

WS 117-L Meeting

1. While I was attending the WS-117L Special Studies Meeting at the LMSD Sunnyvale plant on 10 and 11 November 1959, it was mentioned in the introductory talk by [redacted] of LMSD that the Discoverer program, in 1958 and 1959, was an advanced reconnaissance system.

2. Since the clearance required for the meeting was Secret only, I noted a question concerning the propriety of the statement.

3. A copy of my notes, with [redacted] remarks, has been sent to Mr. Bissell by Mr. Lundahl.

4. I send this for your information as there were many people present who are not overtly familiar with the "C" program. I must note that this disclosure at the meeting did not evoke any discussion.
